Green & Circular Economy in  
Business by Digital Solutions

# JOIN THE CREDIT PROJECT!

## What is it?

The CREDIT project is an Erasmus+ initiative that promotes green transformation and digital innovation in small and social enterprises. Through adult education, stakeholder engagement, and EU-wide collaboration, we aim to make sustainability accessible, practical, and profitable for businesses in the Thessaly region and beyond.

## What Are We Doing?

### We are developing:

- A practical Toolkit to support green practices in everyday business
- Digital training materials and lessons tailored for adult learners
- A free-to-access MOOC platform for online training
- Pilot training sessions for entrepreneurs, employees, and trainers
- Awareness and dissemination events across Greece, Italy, and Turkey

Co-funded by  
the European Union

## Why You Should Join as a Stakeholder

### As a stakeholder, you can:

- Gain early access to training tools and materials
- Shape the development of educational content through your feedback
- Get visibility through European dissemination channels
- Build your organization's green and digital profile
- Be part of a network working toward sustainable regional development

## Who Are We Looking For?

### We welcome collaboration from:

- Local businesses and entrepreneurs with interest in green transition
- Vocational and adult training centers
- Public authorities, chambers of commerce, and development agencies Environmental and business-focused NGOs
- Universities and research institutions

## Let's work together!
